In association with

**nettl**  
of Gloucester & Cheltenham

**Dr John Henry Looney**  
**Sustainable Direction Ltd**

Wednesday 22 May 10:45am

## **Gloucestershire Energy Forum**

South Gloucestershire and the South West region are home to some of the largest and most influential energy generation and distribution businesses in Europe. Our South West Regional Energy Forum, chaired and facilitated by Sustainable Direction, brings a discussion together with leaders and decision makers working in the sector who share a common interest in seeing how this important area for everyone evolves moving forward.

### **Dr John Henry Looney**

John Henry Looney's passion for sustainability has been developed in over three decades' experience operating across consultant, advisory and non-executive capacities to embed transformations and behaviour changes for a diverse range of organisations. These have included large multinational corporations, SMEs and government bodies spanning 30 countries. He has held several board appointments throughout my career, established new companies, turned around struggling operations and embedded excellence in board governance and performance.
