Gloucestershire's Visitor Economy – driving the inbound revenues

The Visitor economy isn't only about tourism. Driving business coming into the region covers sports, education, Food & Beverage as well as hotels, attractions, international business and more. Claire Thayers chairs a panel to look at how the visitor economy works in the region and what we can do to develop it.

Claire Thayers

Claire Thayers leads The Association of Gloucestershire Business Groups. She is passionate about empowering our business groups – these are uncertain times, creating and supporting business communities is vital if we are to see strong development across the county.
