Speed Networking with The Business Growth Network

It is the fast and furious way of networking, this has been a popular feature of The Business Growth Network and has helped thousands of businesses to connect. With the famous Sergeant Major making appearances across the country to help facilitate thousands of sessions, in not only The Business Network but other events as well. You will be given 60 seconds to make the most out of your brief encounter and if the person seating in front of you is not right for you then you soon will be able to move on. If they are you can use the card to follow up after the event. It's only natural to feel a little apprehensive; here are a few helpful tips to prepare you for your Speed Networking session.

Mark Linton

Mark is passionate about Helping businesses connect and grow through his network. An Ex-Military, Motivational speaker, Mark delivers his furious and driven speed networking experience.
